

DANGER: DYE SPOT - Coffee, Dye & Tannin Tx

Cleaning Products Subsidiary Hazard Group Standard HSR No. 2530

DIRECTIONS: Test fabric for colour fastness

1. Measure 1 heaped scoop of Dye Spot into a 500ml mist bottle. 2. Fill bottle with HOT water. 3. Shake until thoroughly dissolved. 4. Spray enough to moisten stain completely. Stain should gradually fade - then rinse with industry approved extraction method. Severe stains may require several applications.

NOTE: Some powder residue may appear on some carpets when dry. Mix only enough solution for each application.

CONTENTS: 1 kg. Contains Sodium Metabisulphite

HAZARDS: Harmful if swallowed or skin contact occurs. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye damage.

PRECAUTIONS: Keep out of reach of children. Wear protective gloves, apron or overalls, and safety glasses. Avoid breathing dust or fumes. Avoid eye contact. Wash hands thoroughly after handling. Store this product in its original containers with secure caps in a cool place when not in use. Do not mix with other chemicals. Rinse empty container before disposal. Contain and recover spillage wherever possible.

FIRST AID: If swallowed drink water or milk; DO NOT induce vomiting. If eye contact occurs, rinse eye thoroughly with clean water. If skin contact occurs wash with plenty of soap & water. If inhaled remove patient to source of fresh air. If irritation or discomfort persists seek medical advice at your nearest Medical Centre, or call the Poisons Centre (have this label, or a Safety Data Sheet available).
